RECRUITMENT - ACADEMIC YEAR 2024/2025

Enclosed in this file, you'll find a collection of materials that we invite you to feature on your website, across your social media channels, and in both internal and external communications – whether online or offline.

Feel free to use the materials in a way that resonates best with your audience; there's no specific order required. The only constraint to keep in mind is the timeline for the ongoing recruitment process, which ends on 16 January 2024.

On every page, you'll find a combination of engaging visuals—pictures or films—and accompanying text. For your convenience, we have differentiated the text for both Polish and non-Polish students, and we have also attached the pictures and films separately. This ensures easy access and flexibility in incorporating them into your communications.

Lastly, we kindly request that you tag us in your communications.
